

Our community has been mismanaged and taken advantage of for years. This has been costly in myriad ways.

This fact was the core reason I ran for our board 3 years ago.

Unfortunately, for whatever reason(s), no one else seems to be interested in addressing the issues.

I will continue my fiduciary duty / obligation to our community if elected for another term.

I feel we have one of the better communities in the area. Let's all help keep it that way. I would also ask you to get involved if you have the time.
